

# **THERSER UK** Thermal Services & Engineering Kilns, Furnaces, Dryers, R.T.O & Associated Automation

## KILNS, FURNACES, DRYERS & R.T.O “PROVEN IN PRODUCTION”

## HIGH TEMPERATURE KILNS

For higher operating temperatures of up to 1800° C, we have a solution for your application. The summary of photographs here shows a few of these products.

We have manufactured kilns for installation in every continent and most countries across the world. Our team is experienced in handling small and large projects with the same dedication to detail our clients expect.

We deliver on time, in budget, and “proven in production”
